

The Minnesota Child Care Resource and Referral Network and the Minnesota Department of Human Services are pleased to introduce [MNStreams.org](https://mnstreams.org). MNStreams is designed to put trainings, educational opportunities, grants, and financial incentives at your fingertips. A training registry with many additional features, the site offers searchable trainer listings, R.E.E.T.A.I.N. Grant Program and CCR&R grant applications, and conference details-it's a real community hub! The site will serve the training community, family child care providers, child care center staff, Head Start, school-age/out of school-time program staff, parent educators, parents, and all others interested in the health and development of children.
